Re: Annual Report
Eurecat U.S. Incorporated
13100 Baypark Road
Pasadena, TX 77507
EPA ID No.: TXD106829963

Dear Sir:

Eurecat U.S. Incorporated acted as a primary exporter in 2012 which is the period covered in this letter. This letter is offered to satisfy the Annual Report requirement applicable to primary exporters in accordance with Title 40 Code of Federal Regulations §262.56 Annual Reports. Eurecat shipped hazardous waste to the following consignee:

Eurecat France SAS
Quai Jean Jaures – BP No. 45
07800 La Voulte-sur-Rhone, France

EURECAT U.S. INCORPORATED
1331 Gemini, Suite 310
Houston, TX 77058
Phone: 281.218.0669
www.eurecat.com

received
SON 2/21/2013

Information requested from §262.56 (a)(4)

Eurecat France SAS-

SPENT CATALYST CONTAINING Ni, NiW, NiCoMo, Cu/Zn, Cu, Pt, and Pd (EPA hazardous waste numbers K171) FOR VALORIZATION, DOT Hazard Class: 4.2, Name: Waste Self-heating solid, inorganic, n.o.s., Transporter ID: TXR000018317, Total Amount of Waste Shipped: 56,942 lbs in two shipments relative to our single notification. This waste was exported for metals reclamation.

40 CFR §262.56 (5)(i) and (ii),

The volume and toxicity of waste managed and generated by Eurecat U.S. Incorporated is a direct relationship with the volume and toxicity of the waste sent to Eurecat as a commercial waste management facility. This is documented in our in our most current annual Source Reduction and Waste Minimization Plan and Annual Report, submitted electronically and acknowledged by Texas Commission on Environmental Quality on June 24, 2011. As explained in our Source Reduction and Waste Minimization Plan and annual updates, as a recycling facility the amount of hazardous waste Eurecat generates is a direct function of the amount of industrial and hazardous waste Eurecats' customers send to us to process. On average, we generate as new waste from our material processing, approximately 2%-5% of the total wastes received. We return the remainder to the market as mostly recycled product. Materials that are not deemed suitable for regeneration after Eurecat's on-site evaluation but are recyclable materials may be managed as wastes for further reclamation. Eurecat only generates and stores hazardous and nonhazardous waste. Eurecat does not treat or dispose of any wastes on site. Eurecat has been receiving the same types of spent catalyst wastes since its inception in 1984.

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment.

Sincerely,

Eurecat U.S. Incorporated

Burch Estes, on behalf of primary exporter
HSE Director

After printing this label:

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$1,000, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.
